Erosion, Stormwater, Green
Area Ratio and Floodplain

Enter and access Erosion and Sediment Control (ESC), Stormwater Management (SWM), Green Area Ratio (GAR) and Floodplain Management (FPM) permit applications and inspections. Participate in the Stormwater Retention Credit (SRC) trading, RiverSmart Rewards and Self Inspection Self Reporting (SISR) programs.

Wells and Soil Borings

Enter and access Wells and Soil Borings permit applications. Enter Driller company and individual driller information.

Wetlands and Streams

Enter and access Wetland and Stream Permit applications or Water Quality Certifications.

Pay Fees

Search for fee assessments based on your fee ID or plan number and make a payment online.

After logging in, click here

Sites and Plans Construction permit information for DOEE plan review for Soil Erosion and Sediment Control, Green Area Ratio, Stormwater Management and Floodplain	BMPs View your BMPs	Agents and Staff Give someone permission to access your projects or request permission to access someone else's projects	SRC and Offv Registry View SRCs for sale, final prices of trades, current off-site retention (Offv) obligations and expected Offv and SRCs
My SRCs and Offv Participate in Stormwater Retention Credit (SRC) trading and/or meet an Off-Site Retention Volume (Offv) obligation.	RiverSmart Rewards Apply for RiverSmart Rewards and receive discounts on your DC Water bill.	Self-Inspection / Self-Reporting Submit inspection and maintenance reports for post-construction stormwater best management practices.	Pay Fees Search for fee assessments based on your plan number and make a payment online. You can also pay fees for your projects by clicking the link in your list of "pending actions," below, if applicable.

Surface and Groundwater System - ESC, SWM, GAR & FPM

[SGS Home](#)[ESC, SWM, GAR & FPM Home](#)[Program Directory +](#)[Support +](#)[Instructions +](#)[Resources +](#)[Back](#)[Refresh](#)[Save](#)

[Public User Home Page](#) >> [ESC, SWM, GAR and FPM](#) >> [RiverSmart Rewards](#) >>

[New RiverSmart Rewards Application](#) >> [New site \(RiverSmart Rewards\)](#)

Fields which are marked unique must contain unique values for all the records. The formula field "Street Address" contains a value that is the same as another record.

You can try to save this record with different data or ask the manager of this application to check the formula field.

(The site was not saved)

You are entering a new site into the Surface and Groundwater System. Please follow these steps:

1. If the site does not have a street address, please change the "Address Format" to Block, Intersection, or Nearest Address. Then, skip to step 3.
2. Enter the site address (or place name; for example "The White house") in the box "Input Address or Place Name" and then click "Populate Data from Address." Wait 10 seconds to allow the Surface and Groundwater System to check the District's Master Address Repository (MAR) for site information and fill out the form. On older web browsers, or if the address does not exist in the MAR, this function will not work or will display an error.
3. If the site is a block or intersection, or if the MAR could not find the site, complete the rest of the information in the "Site Information" section of the form.
4. Select the site owner or manager from the dropdown menu. If you do not see the name of the owner or manager, leave this blank. You must request to be an agent for the site owner or manager prior to submitting the plan for review.
5. Complete the "Location" section of the form with any known information. You may use the buttons in the "Location" section to look up SSL, sewershed, watershed, etc.

You might see this error after you save.
Please email riversmart.rewards@dc.gov if this happens.

SITE OWNER

The site owner listed below should be the person who owns the site or who will be responsible for long-term management of the site. Typically, the project engineer should not be listed here.

▼ CERTIFICATION AND SIGNATURE

With my signature below, I certify that

- (1) I have read and understand the program requirements (details may be found at <http://ddoe.dc.gov/riversmartrewards>);
- (2) the information I have provided on this application is true, complete, and accurate;
- (3) I grant DDOE permission to conduct inspections of the above-mentioned stormwater retention Best Management Practices (BMPs);
- (4) I promise to maintain the BMPs so that they function to retain stormwater runoff;
- (5) I will inform DDOE if I remove, alter, or stop maintaining any BMPs that I have described on this application; and
- (6) I grant DC Water permission to share with DDOE information about my account.
